PPS25 Modeled Flood Extents

Technical Note:

This map has been produced in accordance with Planning Policy Statement 25: Strategic Flood Risk Management (PPS25). Surveys were undertaken in accordance with the relevant legislation and technical advice from the Environment Agency and other relevant authorities. The map should be interpreted in conjunction with other flood risk assessment information.

Potential Flood Extents (PFE) are shown in red, Actual Extents of Flooding (AEF) are shown in blue, and PPS25 Modeled Flood Extents (PFE25) are shown in pink.

Flood Risk Assessment:

The flood risk assessment has been conducted in accordance with the requirements of the Flood and Water Management Act 2010 and the Flood Risk Management Plan (FRMP) for the area. The assessment has identified areas at risk of flooding and highlights areas requiring further investigation and management measures.
